IEEE 20th Jubilee International Symposium on Applied Computational Intelligence and Informatics SACI 2027

Amir H. Gandomi is a Professor of Data Science at the Faculty of Engineering & Information Technology, University of Technology Sydney. He is also affiliated with Obuda University, Budapest, as a Distinguished Professor. Prior to joining UTS, Prof. Gandomi was an Assistant Professor at the Stevens Institute of Technology and a distinguished research fellow at BEACON Center, Michigan State University. Prof. Gandomi has published over five hundred journal papers and 14 books, which have collectively been cited 85,000+ times (H-index=125+). He has been named one of the most influential scientific minds and received the Highly Cited Researcher award from Web of Science for six years.

In a recent study at Stanford University, released by Elsevier, Prof Amir H Gandomi is ranked the 34th most impactful researcher in the AI and Image Processing subfield in 2025! He has received multiple prestigious awards for his research excellence and impact, such as the 2026 Thomas Hawksley Gold Medal, the 2026 IETI James Crabbe Award for Life and Environmental Sciences, the 2025 IEEE HITC Award for Excellence in Hyper-Intelligence (MCR), the 2025 Sigma Xi Young Investigator Award, the 2024 IEEE TCSC Award for Excellence in Scalable Computing (MCR), the 2023 Achenbach Medal, and the 2022 Walter L. Huber Prize. He has served as an editor for several prestigious journals. His research interests are applied AI for social good.
